

CALIFORNIA SLATE COMPANY

THE ENDURING BEAUTY OF
NATURAL SLATE ROOFING.

Sierra Gray is a consistent, medium-to-light gray slate sourced from Spain, known for its smooth surface and refined appearance. Its uniform color and subtle texture make it an ideal choice for projects that demand elegance and continuity. With excellent test results and a proven record of performance, Sierra Gray is widely used in high-end residential projects, restorations, and architectural designs that value both aesthetics and long-term durability.

TECHNICAL DETAILS SIERRA GRAY SLATE

KEY FEATURES

Color & Texture:

- True medium-to-light gray with a moderately smooth texture and subtle clefing.

Durability:

- Strong, non-fading slate with excellent resistance to weathering and freeze-thaw cycles.

Workability:

- Easy to cut and shape with standard tools; consistent thickness supports efficient installation.

Longevity:

- Rated for 100+ years of service life with minimal maintenance.

Standards:

- Meets ASTM C406 (S1 Grade) for strength, absorption, and weather resistance.

Cool Roof:

- Meets Title 24 requirements (high Solar Reflectance Index).

TECHNICAL DETAILS:
