

CALIFORNIA SLATE COMPANY

THE ENDURING BEAUTY OF
NATURAL SLATE ROOFING.

Brazilian Charcoal Gray is a premium slate distinguished by its dark gray-to-black tones and smooth texture, creating a bold and contemporary aesthetic. Quarried in Brazil, this slate offers outstanding hardness and density, making it one of the most durable natural slates available. Its clean, uniform appearance and superior performance make it a top choice for architects and builders looking for long-lasting elegance in modern and traditional projects alike.

TECHNICAL DETAILS BRAZILLIAN CHARCOAL GRAY SLATE

KEY FEATURES

Color & Texture:

- Dark gray background with shades of pure black; smooth, consistent surface with minimal variation.

Durability:

- Extremely dense and hard slate with excellent resistance to moisture, weathering, and fading.

Workability:

- Requires power tools for cutting due to its hardness; available in both standard and heavier thicknesses.

Longevity:

- Proven lifespan of 100+ years with little to no maintenance.

Standards:

- Meets ASTM C406 (S1 Grade) for modulus of rupture, absorption, and weather resistance.

Cool Roof:

- N/A
